# Israel Foreign Aid Secret From Public

The Thunderbolt

NEWS SUPPRESSED BY THE DAILY PRESS

ISSUE NO. 300

**Israel Blackmails U.S. Out of Billions**

Israel is one of the tiniest nations in the world yet receives over 25% of all U.S. Foreign Aid! Americans already have a soaring national debt growing at nearly $185 billion a year but we still are forced by the Jewish Lobby to keep Israel financially afloat. For the first time ever Congress has voted to make 1984's foreign aid to Israel of $2.6 billion "grant" - meaning a free gift which does not have to be repaid. At least half of all foreign aid to other nations is made up of loans repaid at normal interest rates.

Israel's economy is a total disaster. Inflation is raging upward at 400%per year exceeded only by that of Argentina. It is estimated that within three years inflation will hit 1,000%. Thus the Bank of Israel Governor Moshe Mandelbaum has arrived in America requesting "emergency grants" of an additional $900 million for 1985 with a further request of $5 billion for 1986! America has a $12 billion foreign aid program and the Jews are demanding nearly HALF OF ALL THE AID WE HAVE TO GIVE THE ENTIRE WORLD!

**Israel's Emergency Will Never End**

The Jews want both Reagan and Mondale to promise to guarantee the above foreign aid program BEFORE the November 6 election "to better help Jew voters decide who is more pro-Israel." Why is Israel facing total bankruptcy? The Jews have a very low production level. Their July balance of payment deficit hit a record $1 billion! This is by far the highest of any nation in the world per capita. In other words the Jews in Israel are living far beyond their means. New cars, color TV, video recorders, furniture are imported. They take expensive vacations and the governemnt bureaucracy and state financed socialized industries are losing millions which is all made up by the U.S. taxpayer. Jews do not like to work at labor and if it were not for the enslaved Arabs in their midst nearly nothing would be produced at all!

The Wall Street Journal of Aug. 24 revealed that Israel's foreign-currency reserves have fallen to only $2.3 billion. (Note: A loan over a weekend from a small New York bank to Israel inadvertently revealed this figure. Jew officials had proclaimed they had $4 billion in reserves.) The International Monetary Fund (IMF) will not loan Israel money because the nation refuses to tighten its purse strings. They have been asked to freeze pay increases, stop subsidizing many luxury items Jews purchase from overseas, cease financing bankrupt industry, etc. The Jews demand that luxury and high living be provided them no matter what it costs the American taxpayer!

**Special Privileges We Give Israel**

Due to the influence of the Jew bloc vote along with their political contributions they wield immense power in the U.S. Congress. Thus Jews are able to obtain special favors which no other nation in the entire world would dare request. Here are but a few of the special privileges:

1)Georgia's Sen. Mack Mattingly three months ago introduced a "free trade" bill which would allow Israel to be the only country in the world with the right to ship goods duty tax free to the U.S. He said this "may likely reduce U.S. aid to Israel in 1985." This is already down the drain as Israel wants $5 billion for 1986. Also the Jews have refused to grant the U.S. "free trade" in exporting our goods to Israel.

2) Israel is allowed to obtain all of its aid the first month of the year rather than have it prorated monthly throughout the year.

3) Israel is allowed to pay loans to the U.S. over 30 years while other countries must repay in 12 years. Israel only pays the interest during the first 10 years hoping the principal will be "forgiven."

4) Israel is allowed to buy military equipment on an "installment plan" while all over countries must pay in full upon delivery with our foreign aid money. This allows the Jews time to use part of the "aid" for other purposes.

5) In 1979 pro-Jew politicians in Congress voted a little publicized bill giving Israel the right to be the only country in the world to bid on Pentagon military contracts. They have sold us $15 million in military equipment not counting a recent contract for $39 million to produce all raido

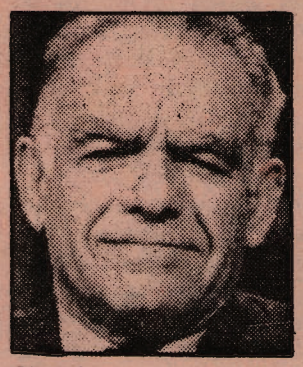
# Atlanta Papers Found Guilty

**Prof. Shockley Wins Case Against Atlanta Newspapers; Praises The Thunderbolt As Reliable Publication**

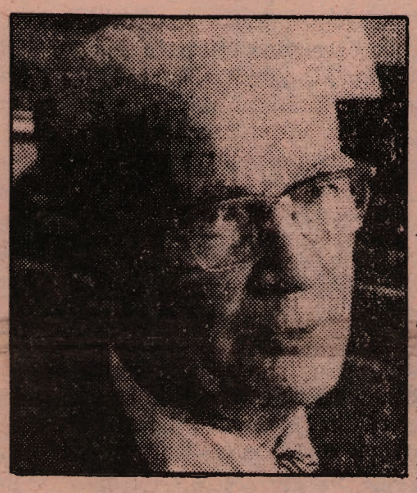
**The Atlanta Constitution-Journal** is owned by Ann Cox Chambers, the richest woman in America. Still she is a radical left-winger whose views are expounded through her Atlanta newspaper. Any employee who fails to tout the liberal line of Ann Cox will soon be seeking another job. Thusly negro journalist Roger Witherspoon wrote a scathing article attacking Prof. William Shockley and his years of research in eugenics. The article stated *"the Shockley program was tried out in Germany during World War II."*

Prof. Shockley won a Nobel Prize in 1956 as co-inventor of the transistor which revolutionized the world of electronics. Today he is a professor emeritus of electrical engineering at Stanford University in California. Tired of being smeared by the media for his untiring efforts to improve the world in which we live Shockley called the *Atlanta Constitution* article "a damnable lie" and filed a $1.25 million libel suit. The Atlanta newspapers hired a battery of high priced lawyers and the trial received national publicity.



Shamir

**Israel's co-President Shamir wants U.S. foreign aid doubled!**



**Prof. William Shockley proves Atlanta newspapers Libel Patriots.**

**The Shockley Program Explained**

Prof. Shockley and numerous other scientists have determined from every wide I.Q. test ever given in this country that blacks consistently score well below that of Whites and many score in the range of mental retardation. This is the element which has the highest birth rate and also makes up the highest crime prone portion of the population.

Thus Prof. Shockley has come up with a very simple common sense program. It would pay low I.Q. blacks $1,000 for each point under the 100 I.Q. standard if they would voluntarily undergo a sterilization operation. It was later brought out by Prof. Arthur Jensen, research psychologist at the U. of Calif., that he supported Shockley's plan and 85% of all blacks fall under the 100 I.Q. level.

Black writer Witherspoon totally left out Shockley's explanation of his plan in his article. Their taped conversation played back in the courtroom made clear Shockley's views stating: *"The major cause of the American Negroes' intellectual and social deficits is hereditary and racially genetic in origin, and are not remediable to a major degree by practical improvements in environment."*

Prof. Shockley also answered the question about blacks in Oakland, Calif. who have somewhat higher I.Q.s than Southern negroes. He responded they have more White blood (genes) from interracial unions. This was challenged by the Atlanta newspaper lawyers but Prof. Arthur G. Steinberg, an expert in biology and human genetics from the University of Cleveland, Ohio, testified that "dozens" of researchers had documented the fact that White genes can be traced in blacks.

Pulitzer Prize winning reporter, Clark Mollenhoff, now a professor at Washington and Lee University in Va., testified that Shockley had indeed been libeled. He said this was a deliberate attempt to discredit Shockley's findings by portraying him as a "Hitlerian." Testifying against Shockley was a leftist anthropologist, Ashley Montagu (real name Israel Ehrenberg) who argued the worn out theory that "environment" was the root cause of negro inferiority. Shockley's lawyer brought out that Montagu had praised the Soviet Union's nationalities policies at a

speech in 1942 at the leftist Jefferson School in New York.

**Prof. Shockley Proved Libel**

U.S. District Judge Robert Vinson, Jr. instructed the jury not to "agree or disagree with Shockley's plan. The question is — has Prof. Shockley been a victim of libel?" The Jury was made up of six people, one of whom was black. They returned a verdict of guilty against the Atlanta Newspapers but granted Prof. Shockley only $1 in token damages. His lawyer called it "a splendid victory" because a liberal jury in a liberal city had found the Atlanta newspapers guilty of defaming one of the nation's leading scientists! It will long serve as a reminder to the news media that they still can be sued and the next time a huge verdict may well be handed down.

Dr. Fields, on numerous occasions, has warned the Atlanta Newspapers that should they brand him a "Nazi" he would sue for libel. Just holding such a threat over their heads has a sobering effect on the Daily Press which must pay high legal fees in such cases and sometimes gigantic judgements. Thus we are pleased that Prof. Shockley won his case and only wish he had received every cent of the $1.2 million asked for.

communication equipment used in jeeps, trucks, tanks, etc., by the U.S. Army. This contract put a large firm in Dallas, Texas out of business which for years did this manufacturing. The Jews also got the contract to make our mortars which another firm has long held. More U.S. workers lose their jobs just so the artificial bankrupt state of Israel can be propped up.

6) Israel is the only nation exempt form repaying any aid for military purchases.

7) Israel has a foreign debt of $23 billion and is allowed by the U.S. to use our foreign aid to pay the annual interest on this debt. Their debt is growing now at the rate of $1.1 billion a year. This is by far the highest per capita debt rate of any other nation in the entire world.

**Jews Live High Off U.S. Taxpayers**

Israel's former consul for economic affairs, Yuval Elitzur, stated last May; *"the present high standard of living in Israel does not make sense and is utterly inexcusable, Israelis are living in an atomosphere of a never-never land. There is no reason why our balance of payments deficit should be $5 billion a year and inflation raging at 400• and growing daily."*

Elitzur added that Jews are living off the foreign aid of American tax-payers and that government subsidizing of luxury imports for Jews is unheard of in any other country in the world.

**Pres. Reagan Ups His Jew Vote**

James Baker, Reagan's close advisor states that the pro-Israel programs of this administration should help Reagan increase his percentage of the Jew vote from 20% four years ago to over 50% this year. This is a major reason why the Jews are demanding more and more of our tax money before the elections can be held.

The Jerusalem Post of Sept. 8th states that Israel borrows up to $800 million annually from U.S. banks. They consider the bankrupt nation of Israel a "good risk" because the politicians in Washington will never allow the self-chosen people to default - not so long as they can squeeze more money out of the U.S. taxpayers to underwrite their gigantic economic wreck of a nation.

We wish all the TV evangelists who praise Israel as being "God's Miracle" would see that parasitic nation for what it really is. It is the biggest flop to ever exist in history and would fold overnight if the U.S. withdrew its financial aid. Those mis-guided preachers may well have been bought off by U.S. foreign aid to Israel because that government is always giving them free vacations to the occupied "Holy Land." You and I pay for these brainwashing excursions for people who stand up in the pulpit and den the word of Christ who clearly said those who follow hi shall be known as the Chosen People - and that certainly minates the Jews from this promise.

The tim as arrived to awaken the American people to renew the t against all foreign aid and especially that which is sq dered on Israel. The Jews are no friends of the U.S. and olely responsible for alienating us from the long time fri ship we have always enjoyed with the anti-communist A countries.

# U.S. Taxpayers Subsidize Israel's Pleasure Spending

**Why Israel Can't Work!**

New York's "Aspen Institute" is a propaganda front which spreads disinformation glorifying Israel which is often used by TV evangelists to praise Jew "progress." Aspen reports that Jew workers have the "strongest work ethnic in the world at 57%, Americans liking work is 52%, Germans, 26%, and British 17%." We can find no documentation to back up these figures.

An opposite view comes from the Productivity Institute, which, using Israel as a base of 100% out put of production, found Japan rated 111, England 121, Belgium 137, Sweden 140, France 154, West Germany 156, Canada 164, Holland 182, America 182 and Switzerland the highest in the world with 189.

Switzerland and Israel can be compared because their land size and population size are similiar and each has a large defense budget. Still the Swiss are industrious workers producing weekly goods valued at $31,600 to a Jew workers $16,700 (these are 1982 figures).

Jewish Week of December 23, 1983 found that Jew workers hold "anti-capitalist attitudes (they are socialists). They find it difficult, "to understand the importance of competition and production quotas." Jews feel the government should "subsidize" factories.

**Vast Government Waste**

Wealthy Jew Samuel Koltun of Woodsbury, Conn, says he will no longer give money to Israel because of squandering. He writes: *"Israel cabinet ministers pay $400 a day for luxury suites at the New York Regency Hotel, excluding meals, entertainment, travel, etc. Defence Minister Moshe Arens ordered a $65,000 American car and minister M. Zipori a $54,000 auto. Both were returned after public criticism. Still the 'wanderlust' of some 800,000 Israeli who vacationed overseas last year spent $2 billion which offset the $1 billion Christian tourists spent in Israel. Why should I send money to underwrite this shameful expense?*

As for Jew workers, Israel's Labor Ministry reports that unnecessary strikes, deliberate work slowdowns, absenteeism plague production. The report added that factories are antiquated and overstaffed with unnecessary workers which made them too costly to be profitable.

# Is Israel Our 51st State — Or The Only State?

# Shockley, "Thunderbolt Accurate"

**The Thunderbolt Praised**

During the course of the trial, attorneys for the Atlanta Newspapers sought to back Prof. Shockley down over the well known fact that he has long been a reader of *The Thunderbolt.* Under cross-examination Shockley was asked why he read *The Thunderbolt* and replied straight forwardly, *"It has some news I wouldn't find anywhere else and has quoted me accurately, something I don't get anywhere else!"*

The Professor, along with a growing number of Americans, realize *The Thunderbolt* carries the news suppressed by the daily press. That will continue to be our policy and we are encouraged ourselves by such famous and courageous men as Prof. Shockley and Prof. Jensen who are willing to take an open stand for the truth in a world awash with totally false propaganda that "all the races are equal" and approving "interracial marriage." More and more educated people are waking up to what our ancestors knew long ago — THERE IS NO SUCH THING AS RACIAL EQUALITY!

## Shockley Defends Thunderbolt

**By ROMULO FAJARDO**

ATLANTA, Sept. 11 — William Shockley, the physicist who contends that Afro-Americans are genetically inferior to whites, admitted subscribing to the publication of the National State's Rights party under cross examination in a libel trial here.

Shockley, who is suing the Atlanta Constitution, a newspaper, for libel, advocates the "voluntary" sterilization of Afro-Americans to solve socio-economical problems. Shockley is seeking $2.5 million in damages for an article that appeared in July 1981. He is charging that the article ruined his reputation.

Under cross-examination by the newspaper's attorney, Shockley admitted subscribing to the National State's Rights Party's publication "Thunderbolt."

"It has some news I wouldn't find anywhere else," said Shockley from the witness stand, adding that the tabloid often quoted him "accurately, something I don't get anywhere else."

# Carlson Wins GOP Race For Congress

**Important Victory**
**Carlson Wins**
**Congressional Nomination**

Michigan's 15th Congressional District has the opportunity to make history this year because long-time "Rights for Whites" advocate Gerald Carlson won the Republican nomination for Congress. What makes his victory even more significant is the fact that he spent only $5,000 campaigning door to door distributing his platform and personally shaking hands with nearly a majority of the District's registered voters.

Gerald Carlson upset victory shocks politicians.

His election victory was no fluke because Carlson's name was made a household word by his enemies in the daily press and Republican hierarchy which virulently attacked him. Carlson polled 5,107 votes (54%) to his opponent, Glen Kassel's 4,394 votes (46%). Michigan Republican Chairman, E. S. Abraham, sent a special letter to every registered voter in the district endorsing Glen Kassel and denouncing Carlson as a racist. The Detroit Free Press on Aug. 9 quoted the District's GOP head Fletcher denouncing White people who voted for Carlson as "red-necks" and "fascists."

**How Carlson Won**

Gerald Carlson argues that every ethnic group of color receives special privileges from the government because they are classified as "minorities." Carlson says that ethnic White people such as the three million Czechs, seven million French, five million Norwegians, etc., are also "minorities" but the government ignores us in favor of the coloreds!

Michigan taxpayers are heavily taxed to support the corrupt and decaying black political machine in Detroit. Elected officials who have advocated even higher taxes to support the blacks in Detroit have been kicked out of office by voter recall special elections. More will fall in the November general election. The tax rebels have placed the "Voter's Choice Tax" reduction plan on the Nov. 6 ballot. Gov. James Blanchard is raising huge sums of money to fight the amendment which he charges would require a four-fifths approval by any governing body before taxes can be raised. If approved, thousands of featherbedding state jobs will be eliminated.

Carlson charges: *"White people are having to pay for the excessive crime and high welfare costs of the blacks. White people are forced to support these people while at the same time we are discriminated against in hiring and job promotions. We are uprooted and forced to move out of our neighborhoods — still we are taxed to pay for our own downfall."*

**Whites Finance Ghettoes**

Carlson quoted columnists Evans-Novak article of Jan. 27, 1984 which for the first time in print admits, "the tax rebellion (in Mich.) spells big trouble for the Democratic Party. A coalition of organized labor, school teachers and minority groups, it depends on the White workingman's acquiescence in heavy taxation needed to supply social services for the black inner city, which in turn supplies massive voting support for the Democratic Party."

This is a mighty high cost for the average White working man to pay just so a handful of corrupt politicians can count on the black vote once every two years! Detroit is over 80% black with 1,176,968 residents. This city has the ignominious reputation of being number one in murder in the nation, 6th in rape, 2nd in robbery, 16th in assault and 3rd in overall violent crime. Still, the White people of Michigan are forced to give multi-millions in special taxes just to keep the black ghetto city of Detroit bearly functioning — a city which still has vast deserted bulldozed neighborhoods from the 1968 Martin Luther King riots.

**Judge Says Blacks**
**Unable To Govern**

Michigan's Chief Federal Judge, John Feikens, appointed Detroit's black Mayor Coleman Young to head the local sewage treatment plant five years ago. Now a suit has been brought in court charging that the White suburbs have been overcharged for water and sewer service. Judge Feikens stepped down from hearing the case but first chastised Mayor Young charging:

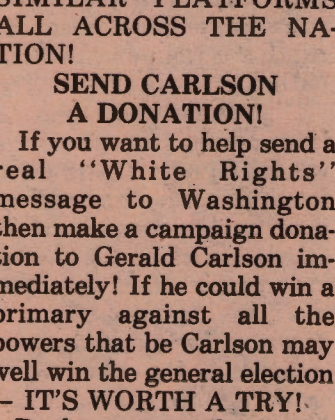
*"One of the things that we have to give black people the time to learn to do is to learn how to run city government, to run projects like the water and sewer plant. Unfortunately, they're still in an era of development, many of them, think all you have to do is talk about this thing. So you hear a lot of rhetoric. Talking is important; words are important.*

*"But you have to do more than talk about it. And I think as the black people come into political power in all of the big cities of the United States, they have to learn how to climb hills. Some won't. Some will not understand how to run government. Some will not understand leadership."*

Judge Feikens was immediately attacked as a "racist." Black leader James Hall said, "As a matter of fact, as I speak, I think of what many White suburbanites must be thinking right now. It was a bad statement to go into the newspaper." Still Judge Feikens refused to back down or apologize. He declared, *"I'll stand on that comment. I'm not backing down and I'm not taking it back either."*

**Big Republican Vote**
**Could Sweep Carlson In**

Left-wing liberal politicians in Michigan are frightened. The recent primary saw many democrats cross over and vote Republican which means a Reagan landslide is building. Normally the City of Westland votes 75% democratic but in the Carlson race only 50% voted democratic. In 1980 Gerald Carlson ran against this same liberal Congressman William Ford and polled



Judge John Feikens — "Blacks not developed!"

53,570 votes in the general election (32%). This time he has a real chance of winning.

Here is a "Rights for Whites" candidate with a program to protect working people from immigration which takes jobs from Whites and lowers our standard of living. This is the big labor state which shocked the nation in 1972 by voting for Gov. George Wallace to win their Presidential primary as a Segregationist candidate. Reagan carried Michigan as a tax-cut conservative in 1980 and will likely sweep the state again this Nov. 6. Everyone knows exactly where Gerald Carlson stands — and should he win we would have our strongest voice in the House since the Soviets murdered Rep. Larry McDonald. Carlson's win means — PATRIOTS WOULD COME OUT IN DROVES TWO YEARS HENCE RUNNING ON SIMILAR PLATFORMS ALL ACROSS THE NATION!

**SEND CARLSON**
**A DONATION!**

If you want to help send a real "White Rights" message to Washington then make a campaign donation to Gerald Carlson immediately! If he could win a primary against all the powers that be Carlson may well win the general election — IT'S WORTH A TRY!

Rush your contribution today to:

## *'A little fascism' carries day again*

Oh, gawd. They've done it again.

We refer, of course, to the Republican primary voters in Michigan's *very* peculiar 15th District who, for the second time in four years, nominated Gerald Carlson, a self-avowed white supremacist, for Congress.

This time it was no accident.

GOP voters had a responsible and respected — if not very flashy — alternative candidate in Glen Kassel, of Westland. The local party endorsed Kassel. The state party endorsed Kassel. All the party pooh-bahs, including the head of President Reagan's re-election campaign, endorsed Kassel.

And there had been an avalanche of pro-Kassel paperwork.

The party's state committee had approved a resolution praising and endorsing Kassel and denouncing Carlson for "his admitted affiliation with the Ku Klux Klan, the American Nazi Party and other extremist groups" and stating that it "deplores and absolutely rejects the viewpoints of Mr. Carlson and repudiates his candidacy; there is no room in the Republican Party for (him) or his ilk."

## *Gadola's appeals*

The resolution was drafted by Paul Gadola, the chairman of Michigan's Reagan team, and distributed throughout the district last week.

In addition, State GOP Chairman Spencer Abraham sent out press releases on Aug. 3 that once again denounced Carlson, reiterated party support for Kassel and announced that volunteers would distribute pro-Kassel literature at 15th District polling places on primary election day.

Hugh McDiarmid

Abraham

And . . . and . . .

The voters chose Carlson.

They had done so once before, in 1980, when Carlson, who now claims residency in Wayne, was living in Dearborn. It had been a dreadful embarrassment to the party, but leaders, including the 15th's colorful chairwoman, Patricia Ganzberger, had explained it as an accident. She said that Carlson, an unknown, had been the only Republican candidate to file against the powerful Democratic incumbent, U.S. Rep. Bill Ford of Taylor, and nobody had paid attention to his extremist leanings until too late.

Fletcher

Wisely perhaps, Ganzberger, who is still the district chair, flew off to California early Wednesday, leaving 1984's explanations to others.

One was state Chairman Abraham who acknowledged that he was "unhappy" with the outcome but glad, at least, that the party had denounced Carlson early in the game. And he said he was at a loss to explain the actions of the district's Republican voters.

"Clearly there's something unique there," he said.

## *'Wretched cad'*

Another was Peter Fletcher of Ypsilanti, the district's vice-chairman, who sought to deflect the blow.

"Quite clearly," he told this reporter, "you now have the responsibility to write and print nothing about that wretched cad for the next 90 days."

But, when pressed, he offered this explanation: "Look at the numbers. He (Carlson) won with only 5,000 or so votes (unofficially he defeated Kassel 5,107 to 4,394), and that's a very small number. Of course there are that many rednecks in the district . . . that many voters who believe that a little fascism would not be all bad."

Fletcher continued:

"That certain small but irresponsible element exists in every political rainbow. It demonstrates that we still have that ultimate freedom in our society, the freedom to be foolish."

Or worse.

# Blacks Destroying Civilization

### African Report:
### A Continent Going Down

Colorado's Gov. Lamm was on "60 Minutes" TV show Sunday, Sept. 23rd. He said he believed in racial equality until he and his wife visited the devastating squalor of India and Bangladesh. In Calcutta he had to step over bodies of "street people" who died during the night to reach his hotel. He found disease and despair where ever he turned He said to himself that indeed this must be the beginning of the end of the world! Lamm said these countries are not developing they are disintegrating!

Within 10 years Bangladesh, with few natural resources, and the size of California, will have a population greater than that of the U.S.A. The world population crush is threatening the every economic fiber of the White industralized nations which are now themselves being flooded by these impoverished immigrants! We can no longer afford to support the rest of the starving peoples of the world. HERE WE STUDY SOME BACKWARD NATIONS.

### Nigeria - Africa's
### Last Democracy Falls

Nigeria is the most important study of the overall problem plaguing all African countries. If Nigeria cannot develop a free democratic society and a decent standard of living for its people then no nation in Black Africa can do so! Here are the facts about Nigeria:

1) Nigeria is the wealthiest and most populated country in Africa.

2) The British granted Nigeria independence on Oct. 1, 1960 with a duly elected parliament court system, and a disciplined army.

3) Nigeria had a vast system of productive farms but after they were turned over to the blacks they abandoned them to move to the big cities. For the first time Nigeria became a food importing nation - like every other black nation in Africa.

### Nigeria Wracked With Corruption

The word "dash" evolved out of Nigeria. It means a payoff for everything one must have to do business. A license, passport approval, travel reservations, hotel rooms, everything requires the additional payment of a bribe which in Africa is called by the "respectable" word - dash.

Early this year the legally elected (though corrupt) government of President Shehu Shagari was overthrown by the military. Gen. Buhari said he seized control to save Nigeria from becoming a "beggar nation" like the rest of Africa. Earlier Newsweek Magazine of Aug. 8, 1983 stated, "if anything goes wrong in Nigeria it would be a disaster which could set back the whole of Africa for decades."

### Oil Rich -
### Lush Tropical Rain Forests

Nigeria had everything going for it. The country is rich in oil, there is no starvation as exists in much of Africa. Anything will grow in the lush tripical rain forests. Billions of oil dollars poured in from the drilling and exporting of oil by White Western companies which paid high sums to the government. Still the money disappeared, corruption is rampant, political violence and crime plague the nation.

Nigeria derives more than 90% of its export earnings from oil. In 1980 she earned $26 billion and despite the world oil glut will still earn a healthy $15 billion this year. Pres. Shagari launched numerous programs to provide jobs for the people and turn the nation into a modern showcase before the Western world. Thousands of miles of modern highways were planned, $1 billion was given to build the first subway in black Afirca in the capitol of Lagos and a luxurious new capital at Abuja would be constructed in the center of the country to get people from crowding too much around the coastline. NOT ONE PROJECT HAS EVER BEEM COMPLETED!

Nigeria's population is exploding with one of the highest birth rates in the world (3.5%). Its 90 million population will double to 180 million by the year 2,000 in a country only twice the size of California. While there are three main tribes there are over 200 tounges. The foreign debt is only $4 billion but it is rising at a rate of 30% annually. Nigeria is bearly able to pay just the interest! The economy is in a shambles. White factory engineers have left the country because of the violent street crime and plants have closed.

## Brutal Dictatorship In Nigeria

### Black Columnist Carl Rowan

Carl Rowan, who has long attacked White rule in South Africa, writes this will now be more difficult for him. Rowan says he was preparing an article for "Reader's Digest" on "Nigeria - The Beacon of Freedom In Africa." He then sat down and wrote the following:

*"I almost weep when Africans throw off the shackles of Western colonialism only to sink into political cesspools lored over by military dictators, or by black elitists who think they have been ordained to rule for life circumstances where a government-controlled press is forbidden to critize either the ruler-for-life or his party, which is often the only one permitted to function.*

*"I went to Nigeria and visited Tunde Thompson, writer for The Guardian. He said; those days of military henchmen swooping down in the wee hours to haul a journalist off to detention are gone forever, thank God. Today Tunde Thompson is in prison for the crime of publishing 'false statements.' The new military dictators are absolutely ruthless, totally greedy who have decided if anyone is going to steal Nigeria's oil wealth it ought to be them."*

## Africans Can't Feed T

### Starvation Sweeps Africa

The U.N. reports that starvation is rampant in 22 black African nations. On TV we see actress Sally Struthers and others raising money to "help one child" and give money to missionary efforts to feed the hungry in Africa. Such contributions by individual Americans do no good whatsoever because of the massiveness of the problem. Actually it is counter productive to become involved in such programs because those who give money feel sorry for the victims. Thus they adopt liberal views toward allowing them to immigrate here, adopting black children, and supporting liberal and race-mixing causes.

### Birth Control Crises

By the year 2008 there will be 250 million blacks starving to death in Africa with no way in which Western government can save them. The population of Africa is growing faster than any other continent in the world. Just a few years ago in 1960 there were just 257 million blacks in all of Africa. This jumped to 436 million in 1980 and with an exploding birthrate of 3.2% a year the black population of Africa will increase to over one billion people within 25 years. This birth rate far outstrips the ability of the rest of the world to feed so many people.

**Mass Murder In Uganda**

Remember President Idi Amin who was accused by the world press of the mass slaughter of some 100,000 of his own people? Today the new President-for-life, Apollo Obote is accused of killing over 200,000! There is little in the news media about it because the Western countries helped install him in power. When the British left Uganda in 1962 and established a democratic form of government the country was rich in natural resources, prosperous and known as the "Pearl of Africa." Now it is called "The Graveyard of Africa!"

Uganda has 40 different tribes and there has been a long running civil war between the two largest tribes — the Bantu and the Nilotic tribes. Obote and his ragtag undisciplined army are members of the Nilotic tribe. The terror is far worse than when Idi Amin was in power. The U. N. Human Rights Organization has charged that Obote's soldiers kill every one in site in their attacks on "guerrilla areas."

The 40,000 man army is virtually leaderless and in one village killed 30 civilians whom they later said were "saboteurs." Children and pregnant women were bayoneted to save on ammunition. At least 90 young girls were raped including several nuns. They desecrated a local Moslem Mosque, as well as Catholic and Protestant churches. The U.N. group charged the harshness and brutality of the soldiers was "horrendous."

Uganda soldiers have herded vast numbers of people out of their homes and into squalid detention camps where many are starving. They say they will kill anyone found outside the camps in the Bantu tribal areas. The violence has increased as the poorly paid soldiers roam the countryside robbing, killing and raping innocent civilians. They set up road blocks and rob foreigners and have become outlaw gangs indistinguishable from others in the army.

Anyone with guns and a few men in uniform can become a military leader. In the barracks prisoners are tortured according to a new report by Amnesty International. It found that prisoners are whipped with barbed wire, amputations done with machetes, burning of genitals and breaking of limbs with rifle butts is common treatment. Some 1.5 million natives have been forced to move from their tribal areas and their farms have slowly rotted. Young boys are always tortured and bludgeoned to death because they might "join the enemy when they get older."

Jealously among rival leaders has led to the assassination of doctors, teachers, political and religious leaders and most educated blacks have fled the country. Since the soldiers are rarely paid they loot, commit armed robberies and steal food delivers at gunpoint from CARE and Red Cross programs. Often they are drunk or on drugs so that no one can predict what type of violence they might control on foreigners who dare to enter Uganda trying to help. Buildings in the British built capital of Kampala have fallen into disrepair, and once beautiful resort hotels along lake Victoria are now dirty eyesores. All the major streets are deeply rotted and full of potholes.

One former black leader recently stated that if the people could vote on the return of British colored rule it would be a resounding 95% of — YES!

Uganda: Two black civilians tied together by Pres. Obote's lawless soldiers murdered on roadside.

## Voters Reject Feminist-Homo Democrat Appeal

**Mystery of Ferraro's Name**

Geraldine Ferraro has stated to the press that she kept her maiden name after marrying John Zaccaro to honor her "hard working mother." We now learn that she accepted her husband's name when they were married in 1960 and was Mrs. Geraldine Zaccaro until deciding to run for Congress. She wanted to pander after the Women's Lib and lesbian vote in New York City.

Thus on May 29, 1978, some 18 years after her marriage she went into court and had her name legally changed back to Ferraro! This action was cheered by fanatic women's libbers, Gloria Steinem, Bella Abzug and Betty Friedan (all Jewesses). Now we learn that she still uses her married name Zaccaro on her driver's license and other legal papers. Thus will the real Mrs. Zaccaro or Ms. Ferraro stand up? The American people will not vote for the pro-communist Mondale - Ferraro ticket when they learn where these people really stand with the weirdos, wackos, homos and Reds we saw screaming for them on TV and in the streets of San Francisco.

**Ferraro Backs Homo Rights**

Geraldine Ferraro headed the Democratic Platform Committee in San Francisco. She labored hard for adoption of a no-compromise plank calling for a total ban on all discrimination based on "sexual orientation." If adopted into law it would break down laws against homosexuals entering the military, immigrating to the U.S., adopting children, etc. The bill also calls for increased federal spending of tax payers dollars to find a cure for the deadly AIDS disease.

## Suspects Burned Alive

**Death In Nigeria**

The London Daily Telegram reports that Lagos, the overcrowded capital of Nigeria is a dangerous place for either Whites or blacks to live. People are robbed at road blocks set up by bandits. A pregnant White woman was murdered after she pleaded for her life. Gangs will crash private parties and rob and rape the guests. Those who can afford it must live in fortresses of barbed wire with electronic alarm systems and hired guards.

Robbers amd thieves are often burned to death in the public streets of Lagos with the police looking the other way. It is called, "re-tiring" criminals. Black vigilantees seize real or imagined law breakers and tie them up with an old automobile tire secured around their neck. The tire is set afire and the victim screams in agony as the people dance around the grisly site. There is no sign of revulsion at the human bonfire. The thick stench of burned rubber and flesh hangs in the air for hours and people act as if were 24 "re-tirings" last month alone!"

**Mondale Biased Against Arab-Americans**

The American-Arab Anti-Discrimination Committee under Dr. James Zogby has charged Mondale with refusing to accept campaign contributions from anyone of Arab descent. Dr. Zogby stated:

*"Prominent Arab-Americans in Chicago have reported to us that your campaign as a matter of policy is not accepting contributions from Arab-Americans. In fact five who had each contributed $1,000 to you following a private meeting in Chicago on May 22 had had their checks returned to them."*

Dr. Zogby also noted that the black mayor of Philadelphia. W. Wilson Goode, also refuses to accept campaign donations from Arabs or to even meet with them. This is a city with a huge Jew population and is totally run by Jews. Zogby says this constitutes a spreading "disenfranchisement" of Arab-Americans. Mondale, as usual, had no comment.

**Israel's Siege of Beirut - The Final Count**

The Seige of Beirut during Israel final stage of its invasion of Lebanon has just now revealed the total death count by the Red Cross. With the final exhuming of another 1,200 bodies the total for Beirut and its suburbs is 19,085 dead. Of that number 84% were civilians. What would the world reaction be if that number of Jews had been killed in an Arab attack upon - say - Tel Aviv? The U. S. Army would have been flown in overnight. The time for our one sided pro-Israel foreign policy must be reviewed and reversed.

**The Thunderbolt is a non-profit corporation. Publisher and managing editor, Robert A. Bowling; contributing writer, Dr. E. R. Fields.**

the Portuguese. Mozambique's temporary workers in South Africa send money home to relatives and this is their largest source of foreign currency. While Zambia (Congo), Malawi and Mozambique do at least one-third of their trade with South Africa they only do 2% with other black nations.

Thus from an economic standpoint black "border" nations of Africa are totally dependent on White South Africa and Western White nations millions of blacks face starvation if they are unable to learn methods of birth control. Last year alone 100,000 starved to death. Since it is difficult to convince blacks to limit the number of their children, millions will starve to death in the immediate years ahead.

# Military Censorship Bans Real Freedom In Israel

**Israel Is Not A Democracy — Censorship Suppresses Freedom**

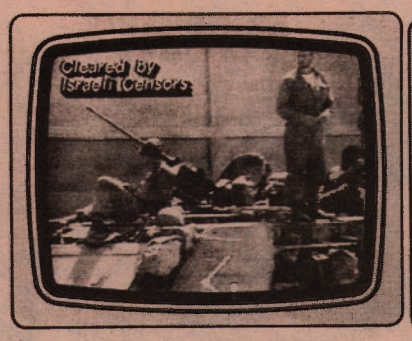
Nearly every week we read of preachers and politicians claiming that the U.S. must support Israel because it is the only democratic state in the Middle East. Nothing could be further from the truth. The suppression of the freedoms of over one million Palestinians on the West Bank alone should prove this point. Jew leaders have clearly indicated that the creeping annexation of the West Bank will never include the right to vote for Palestinian people.

**Book Burning In Israel**

Israel's censorship is a vast bureaucracy by itself. Over a thousand hidden hands decide what both the local and foreign press and TV can report. Since 1948 some 1,000 books have been banned from Israel including one by Shakespeare — "The Merchant of Venice" — because it portrays Jews as money hungry connivers like Shylock — say the censors. The censorship law is so vague it covers nearly everything.

The law states the censor can ban anything that poses a danger to state security, public order, public well being or might lead to the disturbance of the peace! That is about as all-embracing as one can get! A correspondent for the Washington Star was actually indicted for evading the censorship laws for which one can receive 15 years imprisonment. He is David Halevy, a Jew himself. His "crime" was to reveal the name of Israel's secret police, head of "Shin Bet." This is Israel's "Murder Inc.," which assassinates and sabotages

Defense Minister Arens controls censorship policy.



ABC was only allowed to show what was "Cleared by Israeli Censors."

CBS News had portions totally censored out by Jew censors.

Very special editing: how two networks (ABC, left, and CBS) informed their viewers

opponents overseas. His name is Avraham Achitov who now fears for his own life. Halevy has remained in the U.S. rather than return to face a stacked Jew military tribunal.

Both the Jewish newspaper Hadashot and its printer were closed down for daring to publish a photo of a Palestinian prisoner who hijacked a bus. He was beaten to death by Israeli security thugs after being taken prisoner (as was another man). The official line was that they died in a shoot out with the police.

**TV News Heavily Censored**

The Israeli Supreme Court has upheld the powers of the censors from which there is no appeal from their arbitrary decisions. During the invasion of lebanon newscasts by NBC, CBS and ABC-TV were severely censored. Just before live TV would go on the air scenes of people clearing rubble seeking a dead loved one were cut off. Pictures of a dead PLO soldier was shown but dead civilians, such as elderly men and women or children were censored. NBC chief Paul Miller in Tel Aviv said, *"Their censorship rules are outrageous. They cut out anything that might look bad for them."*

Night after night American TV viewers wondered what it meant when they read subtitles on TV news stating, "Cleared by Israeli Censors." The rule is that news should not be broadcast if it might affect support for Israel among Americans. Pictures of the bombing of Beirut showing wounded and dying civilians was banned as "aiding PLO propaganda," even though they constituted the full truth of the disaster and mass killing of innocent people. Even an ABC interview with PLO Leader Yasser Arafat was cut from transmission to the U.S. Family. Finally U.S. newsmen had to send their stories to Cyprus for relay back to the U.S. to get around TV satellite facilities in Israel.

**Newspapers Closed Down**

On the Arab West Bank of Palestine three newspapers are harassed by the Jew censors on a daily basis. They are Al Shaab, Al Fajr and Al Quds. One editor said he had to prepare 25% more material for his paper than he needs as that much would be deleted by the censors. He is M. Yalsh who said there is no appeal of a censor's rulings," so I am subjected to constant petty harassment as the Israelis are trying to force me out of business." Some times he is ordered to close down for as long as two weeks at a time! One article on the mistreatment of Arab prisoners was banned. Al Shaab's offices have been bombed. They receive death threats over the phone and by letter but the Jew police will do nothing about it.

**All Expression Censored In Israel**

The censorship board is called "The Israeli Press Council." But, they don't believe in a free press, only a tightly controlled press. Last Dec. 26 the Press Council banned all newspapers in Israel from showing closeups of mourners at funerals. They said allowing people to see the grief of families might demoralize the occupation forces over the conqured Arabs. They gave the excuse, "we must not encroach upon the intimate right of privacy to a man or woman agonizing over the death of a loved one!" Thus the censors can find an excuse for their trampling of freedom.

**Christianity Censored**

Many films have been banned such as "The Night a King Was Born" which portrayed the birth of Christ (missionary efforts to convert Jews are banned in "free" Israel). Music by German composer Richard Wagner is banned because his music was Hitler's favorite — which makes little sense at all except to further demonstrate the vicious Jew hatred of anything German.

Most important of all is that people realize that this system of dictatorship is exactly what the Jews want to impose on all of us right here in America. That is why they push the Genocide Treaty which would ban all criticism of the Jews. The truth hurts when you violate people's freedom. Unless Christians awaken soon America will become another Israel, Poland and Russia. Freedom will last only so long as FREE MEN are ready, willing and able to stand up and fight for their rights!

# Special Laws For Jews Only

**Court Rules Jews May Wear Skull Caps In Military**

The National Jewish Commission on Law and Public Affairs (COLPA) went into federal court with a suit demanding that the U.S. Air Force allow Capt. Simcha Goldman the right to wear a yarmulka skull cap instead of his military hat while on duty. The military argued this would interfere with discipline and the "esprit de corps." Judge Aubrey Robinson ruled that to forbid Jews from wearing their yarmulka's violates their "constitutional right of freedom of religion."

Still this is while Goldman is on military duty and the

Hasidic Jews are new privileged group.

judge has violated the constitutional provision calling for the separation of church and state (which apparently does not apply to Jews). Once again, the law is twisted by the Jews who are the ones who used Jew Ira Glasser's ACLU to ban prayer and Bible reading in the schools as well as Christmas and Easter events on public property. Yet, the Jews can practice their religion on military bases???

Quickly New York Jew Rep. Stephen Solarz introduced a bill in Congress to have the federal court's decision apply to all branches of the military. COLPA bragged that no Christian Congressman would dare to oppose this pro-Jew legislation.

At the same time Illinois Federal Judge, Jew, Milton Shadur ruled that Jew kids can wear yarmulkas during athletic events — such as basketball. The Illinois Athletic Assn. argued that they posed a physical threat because they would fall off their heads and injure players on the slippery gymnasium floors. Still this was overruled because what the powerful Jews demand they quickly get — after all, are not Jews the self-chosen people — according to certain pro-Jew TV evangelists who have forgotten that the Holy Bible teaches that the "Chosen" are those who accept and follow the teachings of Jesus Christ?

**Jews Receive Kosher Dinners In Prison**

Hassidic Rabbi Joseph Prushinowski was sentenced to three years in prison for devising a fraudulent scheme to obtain bank money. He is also wanted in Canada and England on the same charges. The Hassidic rabbi and his students marched into court and demanded that he be provided with full kosher meals in prison. He said it made him sick to eat "Christian food." He claimed that during his first few months in prison he has only been able to eat lettuce, oranges, apples and dry rice.

The prison offered him Kosher TV dinners but the rabbi refused to eat them because they are not prepared in a "Glatt kosher kitchen." In other words he wants the government to provide him with a cook and kitchen service just for himself! Warden Patrick Kane described Rabbi Prushinowski as "a healthy man who has not lost weight. He eats the 'restricted' food but has a manipulative personality." Some believe that the 42 year old rabbi, with 11 children, is trying to make his stay in prison so costly that the government will be happy to free him! These chosen people have a million tricks up the long black sleeves of their Hassidic robes.

What a great tragedy it was that our founding fathers failed to heed the advice of Benjamin Franklin that the Jews be forbidden from immigrating to America by the U.S. Constitution as he proposed.

### Facts About Israel to Ponder

**Israeli Women Speak Out** is a book by Judith Rosen. She writes that Jews in Israel are, "socially backward, riddled with class and racial prejudice. Many factories have only women on the production line because Jewish men will not do such work." . . . **Jew Anti-Defamation League** points out that states with the largest Jewish populations have the most acts of anti-Semitism. Thus there were 38 acts of anti-Semitism reported in New Jersey, 26 in N.Y., 15 in Calif., 14 in Mass., and 12 in Conn. Thus the more Jews you have the more people oppose them.

**Israel's foreign Aid** is four times greater than the Marshall Plan. After World War II the U.S. spent $12 billion to help rebuild all of war ton Europe. As of this date over $48 billion has been given to Israel whose financial straits worsen daily. Thus this tiny country has received 4 times more than all of Europe and it comes to over $1 million for every Jew who now lives in Israel! . . . **Former Supreme Court** Justice Arthur Goldberg, who was forced to resign in a scandal in which he illegally received money from financier Louis Wolfson of Jacksonville, Fla., has told Jews, "you don't have to be apologetic over the invasion of Lebanon. The deed was justified and in accordance with Jewish values which demand that justice be done." . . . **Israel's Finance Minister** says Jews hold over $500 million in black market U.S. dollars upon which they pay no taxes. He has decided to offer rewards to informers who will turn such Jews in. Their reward will be 10% of the money confiscated . . . **Gamblers Anonymous** has discovered that while Jews constitute less than 3% of the population they make up 25% of the people addicted to gambling. They report many casinos are staffed by Jews and will provide the Jewish "high-roller" with kosher food, a Jewish host, red carpet treatment and premium player line of credit . . . **Hitler helped Zionists** according to a new book, "The Transfer Agreement" by Jew author Edwin Black. Hilter sent Adolf Eichmann on two trips to Palestine to see if it would be a suitable place to settle Europe's Jews. Hitler allowed 60,000 German Jews the right to travel to Plaestine and take $5,000 each. This would be equal to over $50,000 today.

### Materialistic

The Jewish Post, Oct. 12 carried a letter from Dr. A.J. Kravtir of Columbus, Ga., who writes: "Trying to obtain a cantor for our High Holy day synagogue service left a bad taste in my mouth. It seems the spirituality of cantors is a thing of the past. Most seem to be primadonnas who demand a tremendous amount of money

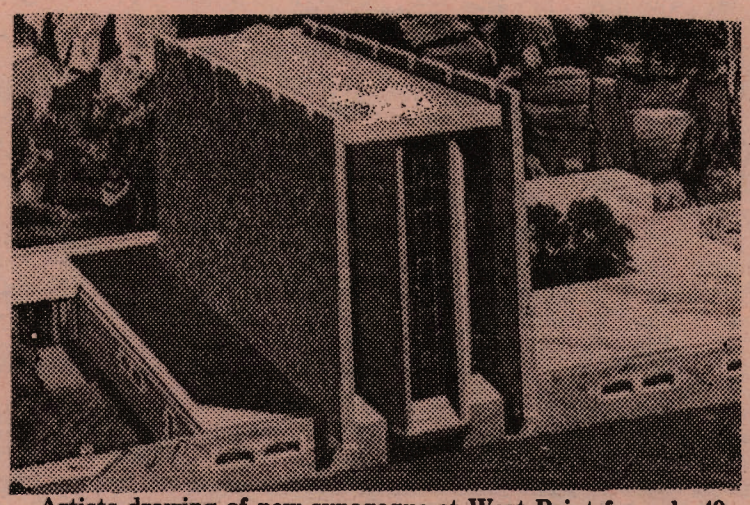
# Taxpayers Help Build Synagogue

**Synagogue For 49 Jews? ? ?**

The U.S. Military Academy at West Point, N.Y. has a new huge combination synogogue, library, conference room and gallery-museum at a cost to the taxpayers of $500,000, with $5 million coming from Jew businessmen. Along side this "Jewish Chapel" are the Protestant and Catholic Churches which have long been used by the few Jews who attend school there. Still they have objected to using Christian buildings. Now that the Jews have reached the pinnacle of power in Washington they are now demanding all types of special privileges. What is especially outrageous in this case is that out of 4,400 cadets at West Point 3,820 are White Christians, 330 blacks, 160 Hispanics and 40 Asiatics but only 49 are JEWS! In other words this huge edifice has been constructed just for the benefit of one of the smallest minorities at West Point! While Jews compose around 3% of the population they are only 1% at West Point but want the largest chapel on campus. It should be noted that Jews have long had an aversion to serving in the military and have an old Talmud saying — *"In time of war, go as the last; so you shall return as the first!"*



**Artists drawing of new synagogue at West Point for only 49 Jew cadets?**

**CIA Report Opposes Aid To Israel**

**The Wall Street Journal** has reported a CIA study which proves that giving more foreign aid to Israel will perpetuate their lavish spending and make them want more and more money with each passing year.

The study found, *"giving more money to Israel is not an effective way to persuade the Israeli government to take needed austerity measures. Increased aid makes it easier for Israel to avoid some of the austerity measures needed to curb its runaway inflation and other economic problems."*

*Similar expressions of concern have come from other U.S. agencies and policy-makers but political considerations for capturing the Jew vote for Reagan has pushed all such advice aside to the detriment of the poor American taxpayers. The government policy is what is best for Israel comes before that which is in the best interest of American foreign policy.*

**Happy Thanskgiving**

**J.B. Stoner**, National Chairman of the National States Rights Party and Dr. E.R. Fields, National Vice Chairman wish to send greetings for a Happy Thanksgiving to all NSRP members and supporters. As you all know we have had a difficult year but things are now moving forward and upward. Despite the fact that their has been no ruling in Mr. Stoner's case which was heard May 23rd by the 11th U.S. Circuit Court of Appeals in Atlanta, Ga., J.B. is still hopeful of victory.

As soon as a decision is handed down a letter will go out to all our loyal supporters informing you immediately. In the meantime we must look to what has been accomplished and that is the entire nation is turning to the right. There are many good signs of this.

**Immigration Amnesty Bill Defeated**

Look at the defeat of the Immigration Bill when all the newsmedia predicted it would be adopted. Just two weeks before the end of the last Congressional session of the year the bill was voted down. The main reason for this was the Amnesty clause which would have made citizens and voters out of between 15 to 20 million illegal aliens. This defeat, of a bill which would have been a tremendous blow against White majority rule over America, is indeed a good sign that people are waking up. We must redouble our efforts and the best way you can do this is to sigh up sympathetic friends and new subscribers to The Thunderbolt. We will tackle the controversial issues that no other publication will would dare to touch. Let's keep spreading the true message!

**Why Jews Don't Oppose Nuclear Weapons**

Jew leaders have not taken an anti-nuclear stand because Israel has at least 25 Atomic bombs. U.S. military aid has also provided them with the capability to destroy any targeted city in the Middle East. A world-wide ban on Atomic weapons would thusly disarm Israel. They are also the only country in the world which has refused to sign the U.N. declaration against the use of Atomic weapons. Still the Jews violated all international law two years ago by bombing Iraq's nuclear plant in Bagdad which was designed for the peaceful production of electric power. The French government was building the plant and one French technician was killed and other people wounded.

**Jews Dominate Colleges**

Rabbi Ellis Rivkin states there are some 50,000 Jew college professors teaching our youth in the U.S. Thus they make up 19% of all college professors despite the fact that Jews constitute less than 3% of our population. Most believe in Marxism and Zionism and this is why so many young Christian youths graduate with a distorted view of the world. They have been brainwashed in college!

Some 75% of all Jews go to college. This is a far higher percentage than among the Christians. At least half go on to obtain a master's degree and one-third get a doctorate. Jews seek degrees as doctors, lawyers and engineers. Rabbi Rivkin states that Jews have become *"the educated elite of America!"*
